

Licensed Home Child Care

Many parents tell us that they believe licensed Home Child Care, offers the best of both worlds - that is the benefits of a family atmosphere and individual attention combined with legislated standards of quality and safety.

Our goal is to provide your child with a clean, safe, comfortable environment where they can play and learn with guidance and loving care while you are at work or attending school.

Family Space Licensed Home Child Care Program has been available to area parents for over nineteen (19) years.
