When you imitate sounds of your infant,
it encourages your child to
repeat or expand their sounds

The Family Space Resource
Consultant Program offers
services to families with
children who have special
abilities, or require extra
support in licenced childcare.

Please call 613-966-9427 or visit our website www.familyspace.ca for more information.

April 2018

How Does Learning Happen? Ontario's pedagogy for the early years is organized around the foundations of **belonging, well-being, engagement,** and **expression.** Let's look closely at how our educators support these conditions—important for children to learn, grow and flourish—at early learning playgroups!

Riley reaches for and explores a variety of books with her hands and mouth. Repeated experiences with books, helps her develop a healthy brain that is ready to learn.

Every child is an active and engaged learner who explores the world with body, mind and senses. At Baby Club—Station St. playgroup—Julie invites 8 month old Riley to explore books. She provides time and space for Riley to manipulate the books at her own pace. She uses both hands to transport books from the low accessible basket to the floor. When Riley is ready, Julie gets face-to-face, points to pictures and talks naturally and cheerfully.

April 2018
