

# BEING A LICENSED HOME CHILDCARE PROVIDER WITH FAMILY SPACE QUINTE INC.

**Myth:** My house has to look like a day care all the time.

**Fact:** Your house is your home. Many caregivers have dedicated space where they leave toys and equipment set up for the children in their care. This is not necessary. Our Home Visitor, Lisa Elliot can assist you with programming, and ideas that make a child care setting that is ideal for children, and for you and your family as well.

## May 2018

**How Does Learning Happen?** Ontario's pedagogy for the early years is organized around the foundations of **belonging, well-being, engagement,** and **expression.** Let's look closely at how our educators support these conditions—important for children to learn, grow and flourish— at early learning playgroups!

Singing  
together  
strengthens  
relationships,  
and learning  
happens in  
relationships.

At our Station Street playgroup, educators Kealyn and Steacy promote learning through singing. Singing is simply one of the best ways to support language development while building listening skills. Children who have learned to listen to songs—and *join in*—tend to become more confident in their use of words. Music is a way to enhance vocabulary acquisition and comprehension. Music is like exercise for brains—language and music is processed in similar ways in the brain. Music time can be a springboard for imagination and encourage children to be expressive. Let's sing!
