**BEING A LICENSED HOME
CHILDCARE PROVIDER
WITH FAMILY SPACE QUINTE INC.**

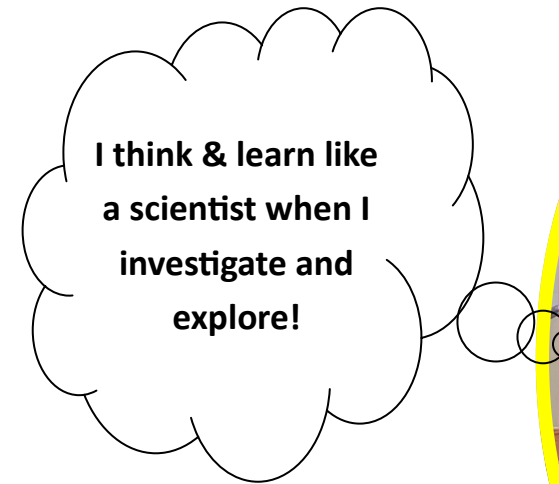

Myth: : I have to have my yard fenced

Fact: The Home Visitor will do an initial assessment of your home to ensure safety indoors and out. Many of our caregivers do not have fenced in yards, and it is a safe and nurturing outdoor play environment for children.

“ENGAGEMENT suggests a state of being involved and focused.

When children are able to explore the world around them with their natural curiosity and exuberance, they are fully engaged.” (HDLH?)

When you support your child in developing coping skills you are helping them to regulate their behaviour and to interact positively with others

The Family Space Resource Consultant Program offers services to families with children who have special abilities, or require extra support in licenced childcare.
