

March 2020

**BEING A LICENSED HOME
CHILDCARE PROVIDER
WITH FAMILY SPACE QUINTE INC.**

Myth: My house has to look like a day care all the time.

Fact: Your house is your home. Many caregivers have dedicated space where they leave toys and equipment set up for the children in their care. This is not necessary. Our Home Visitor, Lisa Elliot can assist you with programming, and ideas that make a child care setting that is ideal for children, and for you and your family as well.

Positive Ways to Talk to Kids About the Weather

Spring is coming!

- If it's COLD try saying...**
- Come and look out the front door! Can you see your breath? That means we need to wear our warm clothing today.
- If it's WINDY try saying...**
- Can you see the trees swaying in the wind? Today would be great day to fly a kite.
- If it's SNOWING try saying...**
- Wow! Look at all those beautiful snowflakes. Let's go outside and see if we can catch some on our tongues.
- If it's RAINING try saying...**
- Rain is wonderful for plants and animals. It's a perfect day to jump in some puddles.
- If it's CLOUDY try saying...**
- The clouds are hiding the sun. Today would be a great day to look for shapes in the clouds.

Children thrive in indoor and outdoor spaces that invite them to investigate, imagine, think, create, solve problems and make meaning from their experiences.

All of these benefits occur especially within children's connections to and interactions with the natural world. (How Does Learning Happen?)

When you imitate sounds of your infant, it encourages your child to repeat or expand their sounds

The Family Space Resource Consultant Program offers services to families with children who have special abilities, or require extra support in licenced childcare.
